RELAYS CROWD -- This is part of the Cameron Relays crowd that saw preliminary events at Yoe Stadium Saturday afternoon. Thirty - eight schools from across Central Texas competed in the annual track event. Taylor won the contest with more than 200 points, about three times as many as second place Hillsboro. A larger crowd attended the finals that evening.

School Board Meeting On Rehiring Personnel

Smiley Burnette To Appear Here Thursday, April 26

By his own admission, kids and dogs take to Smiley Burnette like morning glories to an old back porch.

It will be no different for Cameron and Milam County Children's Day, April 26, when 'Ole Frog' of movie and television fame goes through his catalog of jokes, songs, and impersonations on the courthouse lawn at 1:30, 4:30 and 7:30 p. m. An autograph party will follow each show.

The fun - filled day, aimed primarily for children, is being planned by the Trade Development, Publicity and Public Relations Committees of the Cameron Chamber of Commerce.

"Childrens Day" will include special sales at local stores and prizes to be given away by participating merchants.

Burnette, long time side - kick of Gene Autry and Roy Rogers in hundreds of westerns, says his trade name "Ole Frog" means he is a "Toby" or a country bumpkin type of showman. His props are a blue gingham checked shirt, well worn belt and gun holster and of course his world famous trade mark ..... the tattered old black hat.

Frog says "I am a western Toby, and I love to make you laugh."

Miss Joyce Hannon

Miss Joyce Hannon, sophomore drama student of Temple Junior College, has been selected as the best dramatic actress in junior college circles for 1962.

Miss Hannon, daughter of Mr. and Mrs. V. J. Hannon of 205 East 16, Cameron, and a 1960 graduate of Yoe High School, was voted this honor at the Texas Junior College Drama Festival held on the Cooke County Junior College campus in Gainsville March 8 and 9. Miss Hannon portrayed the Character Willie in the play "This Property Is Condemned" by Tennessee Williams. Supporting Joyce in the cast was Jon Wendt.

Miss Hannon is a business administration major, but has found time to be very active on the Temple Junior College campus. In addition to being sophomore class favorite, she is a member of Phi Theta Kappa, Luncheon Club, Delta Psi Omega, Business Ad Club, officer of the sophomore class, College Council Representative for the Student's Assistants Association and is attending school on the Jackson Memorial Scholarship which is given for outstanding dramatic ability. In addition to these many activities, she is a student assistant in the college library.

Miss Hannon is the granddaughter of Mr. and Mrs. Bryan Harvey of Temple and Mrs. I. V. Hannon of Belton.

TWO SUBMIT RESIGNATIONS LAST WEEK

The Cameron School Board was to meet Wednesday night in special session on hiring administrators and teachers after two faculty members resigned last week.

In the regular meeting last Thursday, the Board accepted letters of resignation from Arley Attaway, principal of Ada Henderson School, and Jack Larimore, assistant football coach and basketball mentor.

The Board also accepted a gift of $150 from the Cameron Parent-Teachers Association, $50 for a tennis net and $100 for books.

And $50 for a tennis net was accepted by the Board from the Cameron Three Arts Club.

Board members also considered taking bids for the sale of the old GI Building, but witheld final decision on the proposal.

Board members began reviewing administration recommendations for new contracts on administrators and teachers last Thursday night, Supt. Zeigler said.

Board members also are considering a proposal to resurface the tennis courts at Yoe Campus. But officials said that money would have to be found in the budget to pay for the repaving program.

Cost of the resurfacing program for three courts was estimated at $650.

Supt. Charles Zeigler noted that absentee balloting will begin this week on the April 7 school board election. One incumbent, Niley Smith and candidate Charlie Burke are running unopposed.

ST. PAT'S DAY PRESENT — Mr. and Mrs. Raymond Gandy, of Cameron, had a baby boy March 17, which is also St. Patrick's Day.

You guessed it! They named him Patrick John.

102 - 102 - 102

The old "Midget" press is no more. A relic of a bygone era left The Herald shop this week. Sold for scrap, it went out much different than it came in.

Said Printer George Jones: "That's the first time I've seen a press carried out by the bucketsful."

It's amazing what a 16 - pound sledge will do in a strong man's hands.

102 - 102 - 102

An interview with Texas Farm Bureau's J. H. West touched off an exchange of viewpoints between Milam Countians in recent weeks.

We think exchanging viewpoints is healthy as long as they state a position with conviction and fact. An argument hardly solves anything, but usually provokes greater disparity in viewpoints. We invite letters for publishing at any time.

Dissent is good as long as it moves people or things closer to solving a problem. When it is argument, it is usually for argument's sake. When it is debate, it often times poses a resolution, but little more. When a real exchange takes place some action will usually result.

102 - 102 - 102

You can say goodbye to 102. Number 1 of Volume 103 comes out next week.

Absentee Voting Begins

NewLaw,AirportReviewed

The City Council Tuesday discussed the City Airport, set up a budget for a new city garbage truck and heard second readings on two ordinances.

And City Sec. John Andres noted this week that absentee balloting opened on the upcoming city election April 3 which considers re - election of unopposed Mayor Coleman Duncum, three councilmen and whether or not Cameron keeps parking meters.

Running for councilmen are: Roy Griffith, Starrett Hickman and Sam Houston.

Two ballots appear for voters. One is on the election of the four city officials and the other for the meter question.

AIRPORT REPORT

E. L. Wied and John A. Smith, city council Airport committee reported talking with Harry Rogers, operating leasee of the Cameron Municipal Airport, about keeping cattle on the air field.

Wied said Rogers believed he was within the rights of a contract between him and the City on leasing the field.

Smith told the other councilmen that Rogers believed the City was not liable for the airport as long as he (Rogers) was responsible for it under the terms of the current 10 - year contract.

Mayor Coleman Duncum said letters should be written to individuals who had come to the City about cattle in the field runways, explaining the Council's position.

City - Atty. Charlie Smith said that CAA would take the field off the "approved list" if cattle obstructed the landing right - of - way. The issue would then be a subject of a lawsuit to keep the Municipal Airport on the "approved list" since there is no other list, he said.

In other action, the Council accepted $200 from the County Commissioners Court to apply toward a $648 paving cost on W. 12th from Fannin to North Austin and on North Austin from W. 12th past the County Poor Farm.

BIDS SOUGHT

And bids were called for a new city garbage truck chassis to replace the older of the two trucks now in operation.

In approving the equalization board ordinance, the three - man board of Claude Akers, August Kuntz and W. H. Lucas was authorized to begin meeting his week.

And a new peddler's ordinance defining requirements for door - to - door salesmen in Cameron was approved following second reading. Complete text of the ordinance is being published in an inside page of The Herald.

Alvin Heflt, City Water Superintendent, noted that nine new fire plugs have been installed and that work would begin on the new sewerline on North Austin.

Public Works Supt. J. B. Earle reported cleanup on County Line Road, planning on E. Seventh St. paving, and work on College Ave. from Main to Batte.

Installation work also continued on culverts in the Culpepper Addition.

C of C Offers $10 For City Slogan

Want to win $10?

If you don't, you would be the first Milam Countian not interested in helping Cameron come up with a new slogan.

The Cameron Chamber of Commerce will pay $10 to the person who can put into a few words a good slogan for Cameron, describing its attributes in the modern sense of the 1960's.

The contest starts today and continues through midnight Friday, April 6. All entries should be sent to Slogan Contest, Cameron Chamber of Commerce, Cameron, Texas.

Who is eligible? You are if you live anywhere in Milam County. Those not eligible are the publicity committee of the Cameron Chamber of Commerce.

A brief explanation of why you chose your particular solgan can accompany your entry, but it is not necessary.

A special committee will review entries and Smiley Burnette, a special visitor to Cameron Thursday, April 26, will announce the winner in downtown Cameron.

The winning slogan will become the official slogan of Cameron and will go on Cameron Chamber membership stickers.

The present slogan of Cameron is "The Friendly [illegible] slogan will be based on appropriate, brief [illegible] that contestants feel summarizes a good [illegible] Cameron. Officials suggested "The [illegible]er, the Better."

Pastor Announces Expansion Plans At St. Anthony's

Rev. John Geiser, pastor of St. Monica's Catholic Church, announced plans for an additional classroom and teacher at St. Anthony School for the fall term at a meeting of the St. Anthony Parent - Teachers Club Tuesday night.

He also announced several administrative policies issued by the Austin Diocese including:

1. Children must be six years old on or before September 1 to enter the first grade.

2. All new pupils must bring a birth record and health record with the usual immunizations noted on the record.

3. New regulations for promotion into higher grades.

Rev. Geiser also announced results of a student achievement survey made by the Scientific Research Association of Chicago, Ill. which indicated St. Anthony's students rated above the national average in mental attainment. The tests were made in private, public and parochial schools throughout the United States.

In other business, the PTC formed plans for a fund - raising Parish social to be held in April. Proceeds from the school will be used to purchase desks for the second grade room at the school. Mrs. George Hollas, club president, appointed Mrs. Ann McLerran as planning committee chairman for the benefit.

Chest Specialist Addresses Group On TB Diagnosis

Dr. Robert Karabaci, chief of the chest clinic at Scott and White Hospital, Temple, spoke at the seventh annual Milam County Tuberculosis Association dinner in Rockdale last week.

He discussed diagnosis and treatment of TB. He also noted that a majority of Texas' TB cases were below a line from El Paso to Houston. Approximately 36 million people, 20 per cent of the population show reaction to skin tests, but only about a quarter million actually have the disease yearly. He stated that future eradication of TB will be possible by proper use of drug therapy.

On reports from local Seal Sale chairman and co - chairman, LaVert McKinney of Cameron and Dr. A. A. Urban of Rockdale, total sales of seals amounted to $1,272.50. Cameron contributed $469.50, Rockdale $467.50; Thorndale $102.50; Buckholts 168.00: Milano $58.00; Gause $52.00: San Gabriel $24.00; Davilla $11.00; Maysfield $10.00 and other towns $9.00.

Demo Exec Committee Meets

7 Comitteemen Named

The Milam County Democratic Executive Committee Saturday named seven new members, set the time for precinct conventions and annual county convention.

County Democratic Chairman Max McClaren said that new members named to the Executive Committee either filled vacancies caused by death or upon recommendation of senior Committeemen wishing to vacate their posts.

New Committeemen are: Eugene Smitherman, Elm Ridge, following resignation of J. C. Cauthen, because of ill health;

John Henderson, Jr., Cameron Precinct 1, succeeding Walter Lester who resigned;

Byron F. Cook, Rockdale Precinct 15, filling the vacancy of the late E. A. Camp;

Billy Tom Fisher, Rice Precinct, recommended by H. B. Pressley to fill his post;

L. D. Burns, appointed to serve the Davilla precinct; Henry Burkes, appointed to Ad Hall precinct, filling the vacancy created by the recent death of Hugh Powell; and F. C. Westbrook, Milano Precinct, to succeed J. D. Peeples who recommended his appointment.

MEETING TIMES

Precinct meeting times were set for 2:30 p. m. May 5, day of the Democratic Primary, for all precincts outside of Cameron and Rockdale. The four precincts in Cameron and Rockdale will hold conventions 7:30 p. m. at the voting places, McClaren said.

Committeemen approved a second resolution to keep the parimutual betting issue on the Milam Primary ballot after a first motion to take it off the ballot was withdrawn.

McClaren said the Committee authorized him to draw up a resolution putting the Committee on record as opposed to parimutual betting.

John Wied, precinct chairman from Rockdale first made a motion, seconded by Harry Wayne Clark, of San Gabriel, to take the parimutual issue off the Milam ballot because the cost to local candidates would be about $50 for [illegible] fees, printing and other costs.

But after discussion, Wied withdrew his first motion and made a second motion to place the parimutual issue on the ballot. After the Committee approved the second motion, McClaren was instructed to draw up a resolution stating the Committee's basic position against the proposal.

POWELLRESOLUTION

In other action, McClaren was instructed to draft a resolution commending the service of the late Hugh Powell to the Democratic Party. McClaren said copies of the resolution will be sent to all Milam newspapers, Radio KMIL and the Powell family.

Election managers, to be announced later, were named. McClaren said. Most of the 1960 election officers will serve in the 1962 primaries.

And the ballot committee drew candidates' names as they will appear on the Milam Primary Ballot. Committee members are: Sam Dolihite, R. T. Delahunty and Harry Wayne Clark.

No Premises Quarantined In Screwworm Eradication Program

AUSTIN — Individual premises on which screwworms are found will not be quarantined, advises Dr. R. G. Garrett, executive director of the Texas Animal Health Commission in Austin.

State and federal animal health authorities must have reports on all suspected screwworm infeatation to conduct the eradication program properly. Livestock owners who make such reports will get the earliest and most thorough relief, Dr. Garrett said.

A screwworm transport patrol line has been established by the Commission across Texas from Del Rio generally east to Columbus and south through El Camp and Bay City to the Gulf of Mexico. This action was taken to contain known infeatations in the southern part of the State, where their presence has been confirmed, and to prevent their transportation by truck or rail to the free area north and east of the patrol line.

Dr. Garrett requests that all animal handlers be especially watchful for animal wounds. He suggests that, where possible, such wounds be treated immediately with screwworm remedies and fly repellents so they will not become infested.

If worms are found in animal wounds, their identity should be established as quickly as possible, Dr. Garrett said. Free mailing kits may be obtained from oCounty agricultural agents, livestock inspectors and others. Samples of the worms found will go to Screwworm Identification, ADE - USDA, Box 969, Mission, Texas. Identity of the worms will be made known to the owner immediately.

Farm Bureau To Hold Cotton Meet

Fred Elliott and his Cotton Team from A & M College will give the program for the monthly meeting of the Milam County Farm Bureau on Thursday.

The meeting will be held in the Agricultural Building at Yoe High School. The program will begin at 7:30 p. m. John A. Smith, Program Chairman is urging farmers and ranchers and especially those interested in the planting, growing and harvesting of cotton to make a special effort to attend this meeting as Elliott and his Cotton Team always give valuable and worthwhile information on this subject.

The ladies of the Tracy - Duncan Home Demonstration Club will serve refreshments at the close of the program.

CORN, GRAIN PROGRAM

Corn and grain sorghum producers have until March 31 to decide whether or not to participate in the 1962 Feed Grain program. C. H. Bates, extension farm management specialist, reminds farmers that they must give their county ASCS office a written intent to participate by March 31.

Milam ASCS Report

By Milam County ASCS

An organization known as the USDA Milam County Defense Board has been meeting monthly at the Milam County ASCS, first under the name of the Emergency Planning Committee and for a short time now, under the present name County Defense Board. Alva E. Sanders, Chairman of the Board, says that "The purpose of the organization is to plan, within the USDA network, for emergency needs which would be created by possible nuclear attack or natural disaster." The membership is composed of representatives of the ASCS, Soil Conservation Service, Farmers Home Administration and Cooperative Extension Service.

"Of course," says Sanders, "the primary concern of the U. S. Department of Agriculture is food production, protection and distribution and the non - food requisites for attaining these goals under emergency conditions. Another concern during the present planning stage is orientation of our farm citienry with regard to the vital role they will play when the stage is set and if they are ever called on to play their part. To assume that such plans will never be used, and therefore unnecessary, is foolish thinking. The Defense Board Planning is a vital duty of the U. S. Department of Agriculture and the American citizens it serves."

Sanders further stated that during the coming weeks, the County Defense Board will attempt, through this news article, to give information from time to time, as space permits, about the planning being done by the USDA Milam County Defense Board and the planning and thinking that should be done by every individual farmer in the county. Without the cooperative planning of each individual farmer, the collective planning of agencies within the U. S. Department of Agriculture will not be as effective in time of emergency.

Remember, the 1962 Feed Grain Program signup is now in progress. March 30 is the deadline, so come on by the office and at least let us talk to you about it.

EGG CLINIC MARCH 28

Egg producers and other interested in this phase of the state's poultry industry have a special invitation to attend the annual Commercial Egg Clinic at Texas A&M College on March 28.

County Agents Notes

Coastal Bermuda Planting Hints

By J. D. Moore
Milam County Agent

Coastal Bermuda is an excellent pasture grass which produces high yields of good quality forage once it becomes established. Many farmers fail to get good stands or quick stands, however. What causes this?

E. N. Thew, extension pasture specialist, says the major reason for not getting a good stand are planting in a light or heavier stand of other grass, using dried out sprigs, or grazing before a stand is obtained. He says these problems can be overcome with proper management.

The first step toward a good stand is preparing a good seedbed. It should be clear, firm and moist, and free of other growing grasses. Trew says farmers are expecting too much of Coastal Bermuda when they expect it to take over from established grasses.

Next is planting at the proper time. It is usually best to plant in the spring, after the soil warms up. South Texans, however, can plant in the fall.

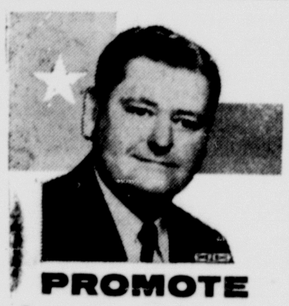
A satisfactory stand cannot be expected unless fresh, viable sprigs are used, the specialist points out. Sprigs should be planted the same day they are dug, and they should contain at least three nodes. It is important to keep sprigs shaded and moist until they are planted. Tests have shown that exposing sprigs to sunlight for four hours reduced viability by as much as 97 per cent.

Recommended planting rate is 9 to 15 bushels of sprigs per acre, planted in 30 to 42 inch rows. It is essential that soil be firmed around the sprig after planting, says Trew. This can be done with the tractor wheel or large compress wheels.

Before fertilizing, the farmer should have his soil tested. Where soil is not too weedy or grassy, the fertilizer can be put in a band 3 to 4 inches below the sprigs at or ahead of planting. Otherwise, fertilizer should be applied as a top - dressing after Coastal begins to grow. Never broadcast fertilizer until a good stand is obtained, advises the specialist. It is also a good idea to top - dress once or twice with nitrogen to stimulate growth.

"Remember", warns Trew, "don't graze the Coastal until a good stand is obtained. Grazing before this may seriously delay getting a stand."

A leaflet, MP-519 Coastal Bermuda, is available at the county agents office.



PROMOTE
Senator ROBERT
BAKER
to LT. GOVERNOR

13 Reasons Why BAKER will do more for YOU... more for TEXAS as your LT. GOVERNOR

Baker believes in

A stable state fiscal policy * An improved higher education system * Laws to curb loan sharks * A Livestock disease control program * An adequate juvenile parole system * Codes to guarantee election counts * Local ad valorem tax powers * Creation of a Texas Tourist Commission * Padre Island as a national park * Limiting a cities annexation powers * Equitable congressional representation * Equality for women under the law * Public education for traffic safety.

"Be" for BAKER

(Pol. Ad paid for by Baker friends)

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . the same year that

IN TEXAS . . near Galveston, Confederate General J. B. Magruder piled cotton bales on the decks of little river boats. These famous "cotton clads," manned by the 26th Texas Cavalry, trounced the Federal war fleet then holding Texas' largest port. As the war ships hastily departed, the event was toasted in good Texas-brewed beer.

For then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

RESOLUTION

WHEREAS, in the past year the Democratic Party in Milam County and throughout the State sustained a deep loss in the passing of Judge E. A. Camp of Rockdale, who for a period of nearly sixty years gave generously of his abilities and energies in the service of his party; and

WHEREAS, Judge Camp was born in Georgia in 1881, coming with his parents to Milam County in 1887, where he attended public school in the San Gabriel community and spent his formative years; he then attended Sam Houston Normal and the University of Texas, and taught school at Crush, before studying for and being admitted to the Bar of Texas, before attaining the age of twenty - one years; and

WHEREAS, he was diligent in acquiring the knowledge and skills requisite for success in his profession and for many years was among the foremost practitioners at the bar, gaining a state - wide reputation as a lawyer; and

WHEREAS, from the beginning of his career Judge Camp took an active part in the political life of his county and state, and gave unstintingly of his outstanding talents as a citien and leader, serving as a member of the County executive committee for more than two decades, as County Democratic Chairman, and as a delegate to the State convention for almost half a century; serving in public office as a member of the State Legislature, and Mayor of Rockdale for many years, and as city attorney; taking a leading part in the affairs of his community until the time of his demise; and

WHEREAS , his contributions towards the civic betterment of his town and county and the strengthening of our Democratic society will endure in the public esteem; and the loss of his staunch leadership, wise counsel and warm friendship will be long felt;

Now therefore be it RESOLVED that the annivesary of the passing of Judge Camp be noted by this committee; that as a tribute to his memory this Resolution be adopted and spread upon the permanent minutes of the Committee; and be it further

RESOLVED, that copies of this resolution be sent to the members of his family, all County newspapers and Radio station as an expression of our sympathy and esteem.

Five Schools To Receive Grants From Alcoa Fund

Five Texas colleges and universities will receive grants totaling $12,175 from The Alcoa Foundation.

In addition, $2,000 was designated for distribution among member colleges of the Texas Foundation for Voluntarily Supported Colleges and Universities, according to R. R. Sugg, manager of Aluminum Company of America's Rockdale Works.

Colleges receiving individual grants are Rice, Southern Methodist University, The University of Texas, Baylor and Texas A & M College.

Sugg said, "The independent colleges have been of major importance in strengthening the overall educational program of our nation. Their great potential is in their emphasis on freeing young minds to explore new ideas in all fields of knowledge, and the Alcoa Foundation is pleased to assist in this endeavor."

"Since the Foundation's beginning in 1962, it has presented over $3½ million in scholarships, fellowships, summer professorships, grants and special endowments to educational institutions," Sugg said.

Seventy - one colleges and fifteen state associations will benefit this year from approximately $100,000 in grants from The Alcoa Foundation under its independent college program. This program is now in its seventh year.

The Alcoa Foundation was founded for the purpose of using its net income exclusively for religious, charitable, scientific, literary and educational purposes. In no other way can its income be used. According to the trustee of the Foundation, gifts are divided approximately evenly between educational and non - educational grants.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

SECTION 1. This entire ordinance is and shall be deemed an exercise of the police power of the State of Texas, and of the City of Cameron, for the public safety, comfort, convenience and protection of the City and citizens of said City, and all of the provisions hereof shall be construed for the accomplishment of that purpose.

Section 2. That it shall hereafter be unlawful for any person to go from house to house or from place to place in the City of Cameron, Texas, soliciting, selling or taking orders or offering to sell or take orders for any goods, wares, merchandise, services, photographs, newspapers, magazines or subscriptions to newspapers or magazines, without having first applied for and obtained a license so to do from the City Secretary of said City. It shall also hereafter be unlawful to sell or solicit in said city as aforesaid without carrying such license while engaged in such soliciting or selling.

Section 3. That any person desiring to go from house to house or from place to place in the City of Cameron, Texas, to sell or solicit orders for goods, wares, merchandise, services, photographs, newspapers, magazines, or subscriptions to newspapers or magazines, shall make written application to the City Secretary of said City for a license so to do, which application shall show the name and address of applicant, the name and address of the person, firm or corporation, if any, that he or she represents and the kind of goods offered for sale, and whether such applicant upon any such sale or order shall demand, accept or receive payment or deposit of money in advance of final delivery, and the period of time such applicant wishes to sell or solicit in said city.

Section 4. That application mentioned in Section 3 hereof shall be accompanied by a bond in the penal sum of $1,000.00, signed by applicant and signed, as surety, by some surety company authorized to do business in the State of Texas, conditioned for the final delivery of goods, wares, merchandise services, photographs, magazines and newspapers in accordance with the terms of any order obtained prior to delivery and also conditioned to indemnify any and all purchasers or customers for any and all defects in material or workmanship that may exist in the article sold by the principal of said bond, at the time of delivery and that may be discovered by such purchaser or customer within 30 days after delivery and which bond shall be for the use and benefit of all persons, firms or corporations that may make any purchase or give any order to the principal on said bond, or to an agent or employee of the principal. Provided that in case applicant is a person, firm, company, partnership, corporation or association engaging in any activity mentioned in paragraph two hereof through one or more agents or employees, such persons, firm, company, partnership corporation or association shall be required to enter into only one bond, in the sum of $1,000.00 as above required, which bond shall be made to cover the activities of all its agents or employees.

Section 5. That an itinerant merchant or an intinerant vendor as the terms are used in this ordinance shall be held to be any person, firm, company, partnership, corporation or association engaged in any activity mentioned in Sectwo hereof.

Section 6. That the license fee for an intinerant merchant or intinerant vendor shall be $30.00. Provided, however, when any person, firm, company, partnership, corporation or association engaged in any activity mentioned in Section two hereof through one or more agents or employees such person, firm, company, partnership, corporation or association shall, in addition to said $30.00 fee above mentioned, pay a license fee of $10.00 for each agent or employee so engaged, all of which licenses shall be valid for one year from the date of their issuance. The fees herein provided for shall be used for the purpose of defraying expenses incident to the issuing of said license.

Section 7. The provisions of this ordinance shall not apply to sales made to dealers by commercial travellers or sales agents in the usual course of business, nor to sales made under authority and by order of law, nor to vendors of farm or dairy products.

Section 8. The provisions of this ordinance shall not apply to persons engaged in interstate commerce as that term is herein defined; provided, however, that it shall be unlawful for persons engaged in interstate commerce to go from house to house or place to place in the City of Cameron without having first registered with the City Secretary of said City, securing the certificate of Registration and paying the Registration fee herein provided.

Each Registrant shall provide the City Secretary with the following information when registering.

(a). Name, home address, and local address, if any, of registrant.

(b). Name, and address of the persons, firm or corporation, if any, that he or she represents or for whom or through whom orders are to be solicited or cleared.

(c). Nature of the articles or things which are to be sold or for which orders are to be solicited.

(d). Whether registrant, upon any sale or order shall demand or receive or accept payment or deposit of money in advance of final delivery.

(e). Period of time which registrant wishes to solicit or sell in said City.

The registrant at the time of the registration, as herein provided for, shall submit for inspection of the City Clerk or City Secretary written proof of his identity which may be in the form of an automobile operator's license, identification letter or card issued to registrant by the person, firm or corporation for whom or through whom orders are to be solicited or cleared.

When any such person so engaged in interstate commerce shall have submitted the above required information to the City Secretary said official shall issue a Certificate of Registration under his hand and the seal of said city stating that the Registrant has duly complied with this Ordinance. Upon the issuance of such Certificate by the City Secretary each such Registrant shall pay to the City Secretary a registration fee of $30.00. The registration fee herein provided for shall be used for the purpose of defraying expenses incident to the issuing of said Registration Certificates. Such certificates shall be valid for one year from the date of their issuance.

The term "Interstate Commerce" means soliciting, selling or taking orders for or offering to take orders for any goods, wares, merchandise, photographs, newspapers, or magazines, or subscriptions to newspapers or magazines which, at the time the order is taken, are in another state or will be produced in another state and shipped or introduced into this city in the fulfillment of such orders.

Section 9. Any person, firm or corporation violating any provision of this ordinance or failing to observe any provision hereof shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not less than $10.00 and not more than $100.00 and each and every day or fraction of a day during which this ordinance, or any part thereof, shall be violated, shall be deemed a separate offense and punishable as such.

Section 10. Each and every provision, paragraph, sentence and clause of this ordinance has been separately considered and passed by the City Council and each said provision would have been seperately passed without any other provision, and if any provision thereof should be ineffective, invalid, or unconstitutional for any cause, it shall not impair, nor affect the remaining portion nor any other part thereof, but the valid portion shall be enforced just as if it has been passed alone, and all ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 11. This ordinance shall take effect and be in force from and after its passage and publication as provided by law.

Taylor Takes First In Yoe Track Meet

Taylor, Hillsboro and Hearne took the top three places in Cameron's 27th annual Invitational Track Meet held here Saturday.

Butch Reed of Hearne took high point man trophy with 27 points. Steve Malone, Yoe runner and winner of the trophy for two previous years, is playing baseball this year instead of running track.

Taylor swept the meet with an astounding 204½ points. They took two first places and placed in nearly all of the events. Hillsboro racked in more first place ribbons than Taylor with a total of three. Hearne was behind both Taylor and Hillsboro with one first place.

John Martin of Reicher tied an old record in the 100 yard dash set by Stone of Navaosta in 1954. He finished first with a time of 9.9.

Another near record was made by Joe Galiga of Hillsboro in the Shot Put with a toss of 155 ft. 1 inch. In the high jump, the final jump of 6ft. one inch beat last years jump by one foot.

Oliver of Llano won the pole vault event by an 11' vault. In the broad jump, Sarter of Bartlett jumped 20'11" only half of an inch ahead of Reed of Hearne.

Music Show To Be Presented Lions, History Clubs

Music composed and played by an electric computer; sounds that come to earth from the Milky Way; the wonders and challenges of worldwide communications by satellites in space:

These are some of the elements of "Voices From the Sky," telephone science - demonstration to be presented by Jim Sage, Southwestern Bell science demonstrator, before the Lions Club on Monday at their noon Luncheon and before the Cameron History Club at 7 p. m. March 29

With recordings and scientific gadgetry, Sage will explain in everyday language and demonstrate many of the things that have made America's space probes possible and that will lead the way to further successes in the future. radioastronomy, the invention of the transistor and Solar Battery, the development of missile guidance systems and other triumphs of scientific research at the Bell Telephone Laboratories.

Sage will also explore the field of space satellite communications. ATPT this year will work with the National Aeronautics and Space Administration to launch two experimental communications satellites in Project Telstar. All costs, including launching and tracking, will be paid for by AT&T.

Free Press, Enterprise Vs. U. S. Demands

There are recommendations before Congress that further challenge free enterprise and the free press.

The incentive system, called capialism, is being tested, challenged and threatened by visionary domestic policy makers.

Specifically, they include:

-- The current proposal for a one - cent copy increase for mailing newspapers out of county.

-- Secretary of Interior Stewart L. Udall's requesting co - operation of free and private power utilities to compete for development of power resources in this country.

The original intent of mail charges to the press of the United States was to encourage freedom of dissemination of news and comment. In the past three years, mail charges to the press have increased 90 per cent from an admittedly low, minimum rate for mailing. But current proposals, according to competent authority, would mean a percentage of increase up to 200 per cent more.

It becomes a question of whether the press of the United States is more important than providing part of a balanced Post Office budget. The public will pay only so much more for mail subscriptions to newspapers and magazines. Then they may turn more and more to television, now under fire by the FCC for lack of public responsibility, for the news and editorial comments, which are nil in the electronic media.

In the question of private or public power and "co -ordination" of same for growth, it is unfair for REA, serving an important role in rural America, to compete with private utilities when REA borrows capital at low interest from government while private utilities, whether monopoly or not, borrow on an open money market for at least twice as much.

Of course, government can presume to serve the people in great growth programs or to allow better wages for government employees. But the source of tax money ultimately comes from free enterprise companies, individuals, etal.

There will always be some newspapers. But cost of operation has already left only 50 - some cities in the U. S. with competitive dailies and has eliminated 2,000 weeklies in the past 20 years.

If Washington planners in the executive branch cannot see where this takes us, then it is time that Congress exert some influence on the executive branch beyond measures already tried.

People do not mean to be irresponsible, but their quest for enlightenment and betterment in a decade rather than in 50 years can produce irresponsibility.

The public pays, regardless who does what. If private utilities compete with public, the public may benefit briefly, but they will pay. If newspapers continue to face increasing postal costs, they will continue to diminish in number, in quality, in outspokeness, in dissent. And the public will pay for lack of newspapers. We would remind government authority, whether state or nation, that the collapse of France to Nazi Germany was precipitated by the decadence of Paris newspapers.

Even with new systems of production, it follows that the press must pass on higher postal rates to subscribers and advertisers. If the subscriber balks at the local newspaper's price or the advertiser the paper's ad rate, business falls off. And the weaker papers die and the unscrupulous look for new sources of revenue to keep their influence.

The idea that free enterprise -- whether press, utility, grocery store or man on the street -- must constantly pass on public costs in the guise of private costs is absurd.

For Secretary of Interior Udall to say "We cannot afford to be doctrinaire" is to say we can't afford argument with government or with each other. This also is absurd.

In suggesting greater competition between REA and private utilities, Mr. Udall seems to say the "public good" is the individual good. In pushing for greater postal costs, first class, second class, third class, what have you, the Postal Dept. not only urges greater limitations on the printed word, but contributes to inflation.

We like neither. We believe that the public is no stronger than the individual. It has nothing to do with politics. It has everything to do with the free enterprise democratic system.

We're Proud To Report . . .

There is such a thing as discipline.

Reliable sources tell us, that Milam's Company C is not among those members of the 49th Armored Division at Fort Polk who are having indignation rallies about their tour of duty.

What the Milam unit and certainly 99 per cent of the Guardsmen and Reservists know is that they are serving a vital role, even if it is not apparent at the Division level.

But the militant minority is flirting with insubordination and court - martial when they continue to object to their present service tour. Commanders have been quite patient about the objections raised first last fall and again this late winter.

It raises the question of whether that minority thinks they can serve part of their obligation by collecting their pay, but not serve their chief, understood obligation of going and staying on duty when conditions dictate.

We are happy to report that morale is good and performance is high among Milam's and the vast majority of the 49th's Tankers.

Interruption of career, schooling and family life is rough, but there are hundreds of thousands of young Americans who have paid a dearer, more final price.

Candidates For Lt. Gov. Quizzed

By Vern Sanford

AUSTIN — Capital newspapermen quizzed candidates for lieutenant governor at a Sigma Delta Chi dinner and found wide variety in the answers.

At a prior meeting the professional journalism society had quizzed the gubernatorial candidates.

Big news of the session was the unanimous opposition to legalizing parti - mutuel betting on horse races. Texas voters will have an opportunity to express their own views on this subject at the May 5 primaries.

Rep. V. E. "Red" Berry of San Antonio got this issue listed on both the Democratic and Republican primary ballots by presenting both political party headquarters with petitions signed by more than 200,000 persons. Petition asked the legislature to give the people an opportunity to vote on pari - mutuel betting.

Further questions to the candidates at the newsmen's dinner revealed diverse opinions on repeal of the poll tax as a prerequisite for voting. Four favored repeal; two opposed it, Senator Preston Smith and Bill Hayes were the opponents.

Candidates present at the meeting were Senators Preston Smith, Jarrard Secrest, Crawford Martin and Robert Baker, all democrats and Bill Hayes and Kellis Dibrell, republicans. Speaker James A. Turman, the seventh candidate, was absent.

Former Lt. Gov. Ben Ramsey moderated the discussion. He closed the session with a comment that most people underestimate the importance of the job of lieutenant governor. Because all state policy is made by the Legislature, the lieutenant governor is of prime importance. He presides over the Senate, names the Senate committees, and decides which committees will handle bills. Thus he has almost absolute control over the course of legislation -- which is state policymaking.

POLL LISTS HIGH

It seems like there's a record number of candidates running for state and national office this year. There also appears to be a record number of potential voters.

A recent count showed 2,373,857 Texans paid poll taxes or filed for exemptions this year. That's 218,212 more eligible voters than last year.

With 15 county totals still due at the State Comptroller's office, including some big cities, the list may exceed the record - setting 2,594,254 who paid to go to the polls in the 1960 presidential election.

All poll - tax payers who show up at the May 5 primaries will answer the big question: Do they want to keep the pol ltax as a voting requirement?

Their answers on primary tickets of both parties should be a representative decision on the long-battled subject.

ATTORNEY GENERAL RULES

Angelina County Attorney Dan Brazil asked Attorney General Will Wilson whether a precinct chairman who is elected in a May primary can take office immediately.

He was told that even though a man becomes precinct chairman without a run - off, he must wait until the Saturday after his county run - off election before he assumes his new duties.

Attorney general also ruled that the "banking escheat" law calls for bankers to advertise for missing depositors in May of this years.

He also interpreted the criminal code to read that a justice of the peace cannot collect a $4 trial fee if the case at hand is dismissed.

EGG STANDARDS UPGRADED

Benefits of the crackdown on egg grade violations in 1958 were reaped by Texas housewives. Number of below - quality or inedible eggs reported for the last quarter of 1961 was only 1.2 per cent.

Agriculture Commissioner John White said this incidence is "The lowest in history for Texas and probably as low a level as ever attained by any state."

When the Egg Law became effective in 1958, violations were uncovered at the rate of 16 per cent. State Department of Agriculture spent $39,902 in fiscal 1961 to see that the law was enforced.

At a meeting of the Texas Egg Advisory board, White commended the state's egg industry for its cooperation in the egg "clean-up".

Board includes G. F. Siebel of Burton; Marvin Gilbreath of Weimer; Jack Dubose of Gonzales; T. D. Craddock of Hamilton; Tom Boothe of San Antonio; D. W. Beneau of Seguin and F. Z. Beanblossom of Texas A & M.

Linda Willy Chosen Most Representative Senior At Baylor

WACO — Miss Linda Willy, daughter of Mr. and Mrs. Raymond Willy of 807 F. 12, has been chosen the most Representative senior woman at Baylor University.

She is a member of the Baptist Student Union Council and the Chapel Choir. Miss Willy is a member of the Student Congress and was Homecoming Nominee of the junior class.

She is majoring in elementary education and minoring in English.

CROP YIELDS

Top crop yields are dependent upon several factors but among the most important is the selection of planting seed. L. C. Coffey, extension agronomist who specializes in seed, places major emphasis on the selection of an adaptable variety or hybrid of the best possible quality.

Buckholts Sweetheart To Compete March 29

Mary Frances Ruzicka, Buckholts FFA chapter sweetheart will compete against 20 other chapters sweethearts from neighboring towns on March 29 at Rockdale High School.

The winner of these will represent District 1 at the area meet in May to be held in Brenham.

Miss Patricia Zavrel, aleternate sweetheart, will accompany Miss Ruzicka.

Santa Fe Income Increases In 1961

Santa Fe Railway System's net income for 1961 rose to $54,850,383, a 6.3 per cent increase over the $51,596,697 earned in 1960. President Ernest S. Marsh, in the company's annual report to its 109,683 stockholders, stated that "efficiencies flowing from capital expenditures of recent years contributed significantly to this performance."

The 1961 net was the equivalent of $2.00 per common share compared with $1.87 in 1960.

The report pointed out that while 1961 earnings fell short of the performance of many post World War II, years, the 1961 results no longer reflect the overstatement of earnings which occurred in many prior years due to the accounting treatment prescribed in connection with accelerated amortization of emergency facilities.

Due to the general business recession of early 1961, total freight carloads were off 2.3 per cent from 1960, producing freight revenues of $503,089,128 compared with $514,079,218.

A Santa Fe record in carloads of grain handled, increased volumes of piggyback traffic and movement of new automobiles in multilevel flat cars helped offset declines in certain other commodities, most notable being a loss of petroleum products to pipelines.

Aggressive promotion and continued popularity of Santa Fe's passenger trains were reflected in a 2.3 per cent increase in passenger revenues. Mail revenues rose 7.4 per cent while the changing nature of express company operations and a continued decline in carload express traffic resulted in a 10.9 per cent drop in express revenues.

Dividends received from wholly-owned affiliated companies were $8,600,000, an increase over the $8,000,000 reported last year.

Santa Fe's policy of offering efficient, economical transportation service to the shipping public will be reflected by construction of a pipeline during 1962 for transporting refined petroleum products, not presently moving by rail, from the Los Angeles area to San Diego and intermediate points.

Marsh said that during 1961 $63.6 million was carried out to increase the service capability and operating efficiency of the plant. New equipment, including 49 freight diesel locomotives, 25 baggage cars and 1,748 freight cars, accounted for $44.7 million.

Roadway and structure improvements cost $15.7 million with the remaining $3.2 million used to improve miscellaneous physical property. Yard facilities at Dallas were modernized and new freight handling facilities at Chicago, Kansas City, Kans., and Fort Worth were completed.

Progress was made on radio and microwave installations and traffic control signalling was applied to 213 miles of track. A modern electronic computer replaced smaller computers at the Topeka Data Processing Center.

LITTLE RIVER PHILOSOPHER

Philosopher Claims Tourists Business Is Fine Until All Other States Get In On It

Dear editar:

I read the other day that a state officials said Texas isn't getting all the tourist dollars it ought to and more effort ought to be spent getting more people to visit us, that not only is the state worth seeing but tourists leave a lot of money around when they come through.

This made sense, but then the next day, I read where another state was making the same plea, then the article went on to list the amount of revenue several other states report they get from tourist dollars.

Now I'm no mathematician, but if Texas pulls a hundred thousand visitors from Oklahoma, and then that state pulls a hundred thousand from Texas, it looks to me like the net gain will stay about what it was before the tourists left home, although filling station people in both states won't agree.

If all 50 states are going to increase their wealth by increasing their tourist business, each one pulling visitors from all the others, it looks to me like it'll wind up with about the same total revenue every state had to start with.

For example, if Oregon pulls a million tourists from Texas, and Texas pulls a million from Oregon, or New York gets a million from California and vice versa, or any other combination you want to name, won't this be about like everybody in Cameron trying to make money by taking in each other's laundry?

Understand, I don't blame the states for trying to pick up some tourist money, every state I ever heard of needs more revenue, and the tourist business is here to stay, come summer and the people will strike out, but I hope no state is looking to me to help them out. Frankly, I ain't going. I intend to stay right here on this Johnson grass farm and see it on television.

Yours faithfully,
J. A.

COTTON REPORT

Spot market activity remained quiet. There was little cotton in the hands of producers. Shipper interest continued slow. Domestic mill inquiries were not numerous. Foreign demand was very good. Unseasonable cool weather prevailed. Light to good rains fell in the South Texas area

Middling 1" cotton prices were unchanged this week, quoted Thursday, March 15, at 33.50 cents in Dallas, 33.40 cents in Galveston, 33.25 cents in Lubbock. One year ago prices were Dallas 30.75 cents, Galveston 31.00 cents, Houston 30.75 cents and Lubbock 30.25 cents. Trading in the country markets was confined mostly to late ginnings of off character cotton. Reports indicated producers are holding little cotton. Country buyers were offering stocks freely; however, asking prices limited sales. Shipper activity remained very slow. The light buying in progress was mainly of the qualities needed for early deliveries. The demand was strongest for the medium and lower grades of good character in 1" and shorter staples. Offerings were small in volume and prices curtailed some sales.

DAIRY COWS

Dairy farmers who argue that registration papers cannot make a cow give more milk are right. However, A. M. Meekma, extension dairy specialist, points out that the certificate of registry is very important in any breeding improveeent program.

"What it Means"

A CHURCH LAYMAN, speaking to a large assembly of other laymen, said, "When I trusted Jesus Christ as my Savior, I said to Him, 'Lord, here is my life. I give it all to thee, without reservation'. Then Jesus said to me, 'I gladly accept it as my own; but, I really do not need it for myself, so I hereby endorse it to the needs of humanity' ".

"To me", continued the layman, "that is what it means to be a Christian, and to live the Christian life".

The church is designed as the medium through which *your* life, too, may be dedicated for the benefit of humanity and for the glory of God. The more faithfully you give yourself to this high purpose, the more satisfying will life become with all its intermingling experiences.

"The love of Christ constraineth us"
I Corinthians 5:14

"Other foundation can no man lay than that is laid, which is Jesus Christ"
II Corinthians 3:14

Rogers Council Delegates To Attend Meeting

ROGERS — Four members of the Rogers Student Council will go to the State Convention of Student Councils in San Antonio March 29.

The students, David Wright, Barbara Smith, Linda Martinec and Brian Harbour, will be accompanied by Principal J. L. Chervenka for the three day trip. The Student Councils of San Antonio will provide housing for the visiting delegates in the homes of their members.

The purpose of the State Convention is to discuss problems facing Student Councils of today. A round - table discussion will be held in which students from different schools will discuss activities at their home school.

The Council will have a talent show in high school March 21. Trudy Mikulas and Mary Faye Wright were appointed to work up a talent list from each class.

Mother, Daughter Banquet For FHA In Buckholts School

The annual Mother and Daughter banquet of the Buckholts FHA was held March 13 in the lunchroom building of Buckholts High School. Approximately 40 were present.

Guests included Mrs. Lydia Roberts, chapter advisor, Mrs. J. W. Perry, Mrs. Hickman and Mrs. Ruzicka. The chapter sweetheart was Buddy Inge and pin - up was Pat Wallace. The theme of St. Patrick was carried out.

Welcome was given by Audrey Gandy, Mistress of Ceremonies Wanda Mitcham. Response Mrs. Jack Ruzicka, Introduction of guests, Betty Hanke, and Invocation Linda Malovets.

Entertainment was provided by the Coral Group led by Mrs. Hickman. The Coral goup included Cathy Gersback, Wanda Mitcham, Audrey Gandy, Betty Hanke, Linda Malovets, Patricia Zavrel, Kathy Wallace and Pianist Mary Frances Ruzicka.

Diann Bartek Named FFA Sweetheart In Rogers High School

ROGERS — The FFA Chapter of Rogers High School recently named Diann Bartek, daughter of Mr. and Mrs. Charley Bartek of Zabickville,as the Chapter Sweetheart for 1961-62.

Diann, a freshman, is one of the twirlers in the band. She also played basketball, is active in the FHA and is president of her class.

At the meeting of the chapter last week, Maxie Morgan, president, presented the sweetheart with a jacket. J. H. Merka is chapter advisor.

Student, Teacher To Attend Meeting

Cameron Yoe High School honor student Peggy Schiller and Mrs. Herbert Nance, a teacher in the local system, have been selected to attend a nuclear science symposium June 10 - 13 at the University of Texas in Austin.

The symposium will be sponsored by the University of Texas and the seven Texas Atomic Energy Research Foundation. Expenses of the teacher and student will be paid by Texas Power & Light Company, a member of TAERF.

The local persons were selected to attend the symposium by Chas. R. Zeigler superintendent of schools. They will join some 400 other honor students and teachers from over the state of Texas.

Texas Atomic Energy Research Foundation is made up of 11 investor - owned electric companies in Texas, including Texas Power and Light Company. The TAERF is co - sponsoring with the General Atomic Division of General Dynamics Corporation the world's largest privately - financed research effort to control nuclear fusion for the eventual generation of electric power.

St. Anthony's 4-H'ers Hold Joint Meeting

St. Anthony's Boys and Girls 4-H Club met together on March 9. Gwendolyn Jistel called the meeting to order.

Pat Garner, Assistant County Agent,gave a talk on Plant Propagation. He told the clubs about the different kinds of cuttings and how to graph trees.

Adults present were Mrs. Anton Hanel and Mrs. Raymond Kurtz
